# PRELIMINARY LIST OF PARTICIPANTS

**AEROLIA CANADA INC**  
Canada

**DCM GROUP**  
DCM designs, develops, manufactures critical & high performance aerospace structural components as well as high level equipments including special engine handling equipment, wing & landing gear components and related tooling.  
Canada

**DISHON LIMITED**  
Machining and manufacture of complex components made from common and exotic materials. Specialized aircraft/aerospace CNC machining capabilities  
Canada

**EXPORT QUEBEC**  
Helps to improve the export readiness of firms  
Canada

**FIBROTEK ADVANCED MATERIALS**  
Fibrotek offers a full service of precision machining, CNC mold making, prototype molds, engineering and design department.  
Canada

**HEROUX DEVTEK INC.**  
Commercial and military sectors with landing gear, airframe structural components including kits, and aircraft engine components  
Canada

**ICAM TECHNOLOGIES CORPORATION**  
The Leading Provider of Multi-CAM NC Post-processing Solutions  
Canada

**L-3 MAS COMMUNICATION**  
L-3 MAS is among Canada’s leading providers of aircraft support services to government departments and agencies as well as to commercial customers.  
Canada

**NORANCO INC.**  
Noranco is a world class, integrated manufacturer and solutions provider to the international commercial and military aerospace sectors.  
Canada

**PCM INNOVATION**  
Engineering services, Design and Manufacturing of specialized tools, molds and prototypes.
