

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

4D-AEROSPACE RESEARCH & SIMULATION GMBH

Air Traffic Simulation

AUSTRIA

ELB-FORM GMBH AUSTRIA

Design, Development & Manufacturing of complex tubes and extrusions.

AUSTRIA

MAGNA STEYR FAHRZEUGTECHNIK AG & CO. KG

Development and Production of Cryogenic Feed Lines

AUSTRIA

PANKL AEROSPACE SYSTEMS EUROPE GMBH

Producer of Side- and Mainrotorshafts as well as Engine Shafts

AUSTRIA

PLANSEE

Producer of Tungsten Based Alloys

AUSTRIA

SAG ALUTECH GMBH

Handling of Aluminium Materials

AUSTRIA

VILLINGER GMBH

Offers Aircraft Ece Protection coatings

AUSTRIA

WOLLSDORF LEDER SCHMIDT & CO GES MBH

Offers High Quality Leather Products

AUSTRIA

BORIT

World-class manufacturer of sheet metal products

BELGIUM

ELECTRONIC APPARATUS NV

Electronic apparatus is a supplier of advanced high-tech printed circuit

BELGIUM

FLEMISH AEROSPACE GROUP FLAG BELGIAN AEROSPACE

Flemish Aerospace association

BELGIUM

BÖHLER EDELSTAHL GMBH & CO. KG

Offers Steel and Nickel-base Products

AUSTRIA

JOHANN EBERHARD GMBH

Producer of Tools for the Handling of several Materials as well as Special Tools for Aviation

AUSTRIA

MCE STAHL- UND MASCHINENBAU GMBH & CO. KG

Producer of Jigs and Tools

AUSTRIA

PAYR ENGINEERING GMBH

Engineering in terms of 3D-Modelling and 2D-Design as well as Prototyping and Parts Production

AUSTRIA

RO-RA PRODUKTIONS GMBH

Manufacturing and Development of Connecting Systems

AUSTRIA

TTTECH COMPUTERTECHNIK AG

Offers Services in the Field of Software, Networks and Safety Platforms

AUSTRIA

WKO-AUSTRIAN ASSOCIATION OF FOREIGN TRADERS

Promotion agency for Austrian Foreign Trade

AUSTRIA

ACROSOMA

Acrosoma is a global specialist in design, development and manufacturing of composite structures

BELGIUM

BRITTE-MUSTAD

High Precision machining

BELGIUM

FLANDRES INVESTMENT & TRADE (Representation of 5 Companies)

Flanders Trade and Investment Office

BELGIUM

HSH AEROSPACE FINISHES

Development, sales, production and application of waterborne interior coatings for the aviation

BELGIUM

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

HTMS - HIGH TECH METAL SEALS

HTMS

designs, manufactures and qualifies elastic or resilient metal seals.

BELGIUM

SABCA

Aeronautical constructions, structures, servo-controls. Maintenance and upgrading of military aircraft.

BELGIUM

SEPTENTRIO SATELLITE NAVIGATION NV

Septentrio Satellite Navigation NV, designs, manufactures, markets and supports high-end dual-frequency GNSS receivers with the best possible performance at a very competitive price

BELGIUM

TECHSPACE AERO

A Safran group company, Techspace Aero designs, develops and produces modules, equipment and test cells for aerospace engines

BELGIUM

A.S. AVIONICS

Avionics systems

BRAZIL

AMBRA SOLUTIONS

Engineering Design Services

BRAZIL

GLOBO USINAGEM

Complex machined parts and sub - assemblies, for the aerospace business

BRAZIL

MASSUCATO

Plastic injection

BRAZIL

AIR DATA INC

Air Data has developed a range of Avionics Equipments for airplanes and helicopters

CANADA

LMS INTERNATIONAL

1D and 3D simulation software, testing systems and engineering services for system dynamics, structural integrity, sound quality, durability, safety, ...

BELGIUM

SAINT GOBAIN PPL SEALS

Weather & Communication Radome - Low Pressure Air conditioning Ducting & Thermoplastic Cabin Interior Components

BELGIUM

SHUR LOK INTERNATIONAL SA

Design and manufacture fasteners for the European market

BELGIUM

TRAMOS INTERNATIONAL NV

Industrial cleaners

BELGIUM

AIRMOD CONSULTING

Design, manage and support modifications and maintenance of commercial or executive aircraft.

BRAZIL

CECOMPI

Center for Competitiveness and Innovation of the São Paulo State coordinating the Brazilian Aerospace Cluster

BRAZIL

LANMAR INDUSTRIA METALURGICA LTDA

Specialized in the machinery of high precision small, medium and large scale parts

BRAZIL

AERO MONTREAL

Non profit organization serving the greater Montreal aerospace industry

CANADA

ARNPRIOR AEROSPACE INC.

Close tolerance fabrication, precision machining, welding, paint and chemical processing

CANADA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

ASSOCIATION QUEBECOISE DE L'AEROSPATIALE (Representation of 5 Companies)

Promote business development and sustainability in the global market for its SME members.

CANADA

BOMBARDIER AEROSPACE

Manufacturers of a large range of regional and business aircraft

CANADA

CDI PROFESSIONAL SERVICES LTD

Engineering outsourcing

CANADA

MECNOV INC

Mecnov provides non-destructive testing (NDT) automated systems to the manufacturers serving the aerospace, automotive, oil and gas, and power generation industries

CANADA

NSE AUTOMATECH

Industries of aerospace, defense, industrial, and medical benefit from a complete INTEGRATOR, offering services from conception to a finished and tested product. Thereby answering market's demands and requirements, improving competitiveness of delivered products

CANADA

PRATT & WHITNEY

Engines manufacturer

CANADA

AVIC (Representation of 10 Companies)

Chinese consortium of aircraft manufacturers

CHINA

AVIC CHENGDU CAIC ELECTRONICS CO., LTD.

Manufacturing of Airborne air data computer & air data system, flight data recorder, engine electricity regulator, types of transducer, indicators, switches; ground test equipment for aircraft

CHINA

AVERNA VISION & ROBOTICS

Specializing in machine vision, robotics, and mechanical, electrical and controls design

CANADA

CANEC INTERNATIONAL LTD

Consulting

CANADA

GLOBAL PARTNER SOLUTIONS INC.

Global Supply Chain Service Provider

CANADA

MONTREAL INTERNATIONAL

Promotion of Montreal city

CANADA

ONTARIO GOVERNMENT

Ontario Government Representation in France

CANADA

SHELLCAST FOUNDRIES

Leading Manufacturer of Precision Aluminum Investment Castings for the Aerospace, Defense and High-Tech Industries.

CANADA

AVIC CHANGCHUN AVIATION HYDRAULIC CONTROL CO., LTD

Main products: fuel governors, fuel pumps and controlling accessories for hydraulic, fuel and pneumatic systems and other products of pumps and valves for aircrafts.

CHINA

AVIC HARBIN DONGAN ENGINE (GROUP) CO., LTD

Development and manufacturing of Aero-engines, Helicopter transmission system, Aircraft accessory transmission system, Aero-engine accessory transmission system.

CHINA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

AVIC NANJING HONGGUANG AIRBORNE EQUIPMENT FACTORY

1. Troop parachute, sports parachute, cargo parachute, brading parachute, gliding parachute, recovery parachute, hot balloon
2. Safety belt for aircraft
3. Floor apparatus for cargo stoppage

CHINA

AVIC SHENYANG SANRUI SCIENCE AND TECHNOLOGY CO.LTD

Part manufacturing for commercial aircraft, including spo,s, ribs, frames etc
Military products: various test bench, test pieces, ground support equipment.

CHINA

CASIC (Representation of 5 Companies)

China Aerospace Science and Industry Corporation (CASIC), the previous China Aerospace Industry Corporation, is a large scale state-owned high-tech enterprise founded in 1999. It has currently seven research academies, two scientific research and production bases, six listed corporations, and more than 600 affiliated enterprises and institutions across the country. Professional and technical personnel take account of 50 percent of overall 100 000 employees.

CASIC's business covers various areas, such as aerospace defense, information technology, equipment manufacture, international engineering contracting, real estate and foreign trade etc. It owns well-equipped export base with more than 1000 types of products sold around the world.

CHINA

CASIC CHINA AEROSPACE SCIENCE AND INDUSTRY RESEARCH INSTITUTE II

Security technology, numerical control systems and automation equipment and information Security

CHINA

CASIC-CHINA AEROSPACE SCIENCE AND INDUSTRY CORP

Electronic equipment, special vehicles and parts, manufacturing equipment, aerospace engineering and technology research, services, etc

CHINA

CHINA NATIONAL GUIZHOU AVIATION INDUSTRY (GROUP) CO. LTD.

Aircraft, aero-engine, airborne equipment, forging parts, casting parts, rubber and plastic parts, standard parts, tools, ground supply equipment, etc

CHINA

AVIC QINGAN GROUP CO, LTD.

hydraulic actuators, Gear actuators, devices used in aircraft, etc

CHINA

AVIC XI'AN AERO-ENGINE PLC

XAE is an important research and production base for medium and large-sized national defense and civil aero-engines, production and maintenance base for large-sized marine gas-turbine generator, research and development base for new environment-friendly energy, as well as a state-of-the-art hitech manufacturing center, and the first listed company with its integral business in the field of aero-engines of China aviation industry

CHINA

CASIC - TIANJIN JINHANG TECHNICAL PHYSICS RESEARCH INSTITUTE

As a key member of China Aerospace Science & Industry Corp., Tianjin Jinhang Technical Physics Research Institute is a state-owned institute specialized in Infrared and Laser application.

CHINA

CASIC- CHINA SANJIANG SPACE GROUP XIAN FENG MACHINERY FACTORY

Manufacturing of microwave communication, marine environmental protection equipment and manned space accessory products

CHINA

CASIC-HENAN AEROSPACE PRESSURE ELEMENT CO.,LTD

Special factory of valve in aerospace system

CHINA

GUIZHOU LIYANG AERO-ENGINE CORPORATION

Civil aero-engine components subcontracting

CHINA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

MACHMERIC SYSTEMS INC

Manufacturing from impellers, engine case, blisks

CHINA

SHANGHAI KAIHE ELECTRONIC CO.,LTD, CHINA

Professional in Military connector sales and production, also the local famous enterprise in the domain of connector

CHINA

AERO VODOCHODY A.S.

Aerostructures programs: cooperation with leading aerospace manufacturers, Complex deliveries of aviation technology with high degree of product finalization. Military programs. Engineering, tool design and manufacture, airframe assembly, airframe painting.

CZECH REPUBLIC

CZECHINVEST

CzechInvest - the investment and business development agency of the Czech Republic whose services and development programmes contribute to attracting foreign investment, to search of suitable suppliers in the Czech Republic.

CZECH REPUBLIC

INTER-INFORMATICS SPOL SRO

Leading provider of engineering services in the field of transport, engineering/machinery and customer solutions for business information systems

CZECH REPUBLIC

JIHLAVAN AS

Hydraulic components for flight controls, hydraulic power and landing gear systems

CZECH REPUBLIC

STROJCAR S.R.O.

Production of parts in the field of precision engineering for producers of the airliners and military planes (Airbus, Boeing, Embraer, Falcon). Production of the prototype parts for R&D department of the automotive producers, production and construction of the control moulding gauges

CZECH REPUBLIC

UNIS SPOL SRO

Development and production of aviation technology, power electronics, small energy sources (cogeneration), micro-turbine control, robotics, automation, embedded systems, certification

CZECH REPUBLIC

SHAANXI BAOCHENG AVIATION INSTRUMENT COMPANY LTD

1. Navigation systems and flight security monitor system all chinese aircraft manufactures
2. Series precision potentiometer, accelerometers and sensors for all chinese aircraft manufactures
3. Light plan aviation instruments for North of America and Europe

CHINA

BOUYGUES INTERNATIONAL AIRPORTS

Airport Designer and Contractor

CYPRUS

ATG, S.R.O.

Development and production of devices and equipment for NDT testing, qualification and certification services.

CZECH REPUBLIC

CZECHTRADE (Representation of 5 Companies)

Official Business and Trade Gate to the Czech Republic

CZECH REPUBLIC

JEMA SVITAVY

Shaped tooling of non-metallic and metallic materials based on aluminium, 3D Optical digitizing, creation of auxiliary and moulding surface

CZECH REPUBLIC

LA COMPOSITE S.R.O.

Development and manufacturing of composite and sandwich structures for aeronautics

CZECH REPUBLIC

TC INTER-INFORMATICS SPOL SRO

Providing of engineering design services (aerospace), transport engineering and machinery engineering. Customers solutions for business information systems

CZECH REPUBLIC

A PLUS SYSTEME AUTOMATION

Industrial computing, Point of sale, touch screens & monitors

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

A.E.S

Micro-bobinages de moteurs électriques / Microcoils for electric motors

FRANCE

ACB

Machin assembly:
Cold and hot stretch forming (shets and profiles)
Elastoforming
Hot forming
Superplastic forming
Linear and rotary friction welding
Turnkey workshop (using our technologies)

FRANCE

ACEREL

Engineering and electrical installations, Automation, Industrial computing, Security and Safety

FRANCE

AD INDUSTRIE

Mechanical engineering
Large technical parts and mechanical assemblies
Industrialisation

FRANCE

ADIXEN - ALCATEL VACUUM TECHNOLOGY

Vacuum technology and leak detection. Second world player

FRANCE

AEON CONSULTING

Consulting company in Aerospace and Information technology

FRANCE

AÉRIADES - POLE AEROSPATIAL LORRAIN

Promotion, representation and strengthening of aerospace business in the Lorraine region

FRANCE

A2C AIR COST CONTROL SAS

Supply of electrical parts for the aerospace market - VAD distributor: connector assembly (EN3646 and EN2997 series)

FRANCE

ACC LA JONCHERE

Design, development of insulated and non-insulated rigid and semi-rigid pipe systems made of titanium, aluminium, inconel- HP – HT metallic pipe kits

FRANCE

ACTEL EUROPE

Leading world supplier for FGPA programmable logic of 64 macrocells up to 1,000,000 gateways for OTP and FLASH technologies. Actel manufactures semi-conductors and offers two technologies in the programmable logic field.

- Antifuse: OTP solution OTP, single component offering:
- Highest speed;
- Lowest consumption;
- Greatest reliability;
- Highest security against copying.
- Flash: reprogrammable solution with a single component offering:
- The greatest simplicity when it comes to implementing medium to significant capacities;
- Considerable flexibility;
- Low consumption

FRANCE

ADELTEL GROUP

Design, industrialization and manufacturing of electronics and software systems in harsh environments

FRANCE

ADR SAS

Research and development, conception and realization

FRANCE

AERAZUR GROUPE ZODIAC

Design, development and manufacture of high quality safety and survival equipment

FRANCE

AEROCENTRE

Aerospace French Cluster

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

AEROCONSEIL

Aeronautical engineering and services to air transport.

FRANCE

AEROMETALS & ALLOYS

Aero Metals Inc. is a world leading producer of precision investment cast components

FRANCE

AEROSOFT FRANCE

Aerosoft is an engineering and manufacturing group of companies operating in the Aerospace, Automotive, Railway and Naval sectors

FRANCE

AEROSPACE VALLEY

AEROSPACE VALLEY is the world competitiveness cluster in aeronautics, space and embedded systems located in the South West of France (Toulouse Midi-Pyrénées and Bordeaux Aquitaine region). More than 1 200 companies are established in this territory representing 94 000 jobs in the field of aeronautics space and embedded systems. The Aerospace Valleys welcomes four Aircraft manufacturers (Airbus, Dassault Aviation, ATR, EADS Socata) and numerous first class equipment manufacturers and subcontractors : Thales, Latecoere, Safran Group, Rockwell Collins, Liebherr Aerospace, Ratier Figeac, Potez Aeronautique, Midi-Pyrénées Expansion and 2ADII, the Economic Development Agencies of the Aerospace Valley will offer you free consulting for corporate location projects or partnership projects in the Aerospace Valley. We are available to discuss your French development plans through Aeromart Beijing 2007 and assist you in joining the world-class companies and subcontractors present in the Aerospace Valley (55 000 employees and over 1 000 establishments in full and speciality subcontracting)

FRANCE

AEROVAC SYSTEMES FRANCE

Sourcing, distribution and development of composite process materials, for low and high temperature cures and infusion

FRANCE

AIR & COSMOS

Media

FRANCE

AIR LIQUIDE - ADVANCED TECHNOLOGY DIVISION (SASSENAGE)

Design of systems for generating gas onboard aircraft and for aeronautical applications

FRANCE

AEROLIA SAS

French Aerostructures leader and world No. 2 for design and production of Nose Fuselage subassemblies

FRANCE

AEROPROTEC

Surface treatment and painting and surface treatment and painting for aeronautics

FRANCE

AEROSPACE CLUSTER IN RHONE-ALPES

Cluster of the aerospace companies located in the Rhône-Alpes region

FRANCE

AEROSPLINE

Competitive automation. Robotics for aircraft manufacturing. AIRBUS slats and technological assembling requirements.

FRANCE

AFFUTAGE DE PRECISION DE NORMANDIE

Manufacturing and maintenance of cutting tools

FRANCE

AIR FRANCE INDUSTRIE

Airliner

FRANCE

AIRBUS CIMPA

Product Lifecycle Management in all aspects of the processes related to the product from its design to its maintenance and support, including its conception and manufacture

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

AIRBUS CORPORATE JET CENTRE

Provide outfitting slots to Airbus customers, deliver elegant VIP cabins of quality

FRANCE

AIRBUS TRANSPORT INTERNATIONAL

Production, Modification and tools / Aircraft maintenance

FRANCE

AJILON

Engineering for metal, composite parts and assemblies, toolings, studies and implementation, operation packages, technical platform, technical assistance

FRANCE

ALLIANCE AERONAUTIQUE

Manufacturing, tooling, programming, assembling and scheduling control for small and medium-sized units

FRANCE

ALTEP INGENIERIE

Our expertise ranges from Research & Development with complex calculations, document control, project engineering, test bed manufacturing, and low volume high complexity production all the way to aircraft and helicopter interior remodelling. Our Activities: Aviation, Automobile industry, Space, Defence, Naval, Pharmaceuticals, Nuclear industry, Industrial equipment.

FRANCE

AMBASSADE DU CANADA / CANADIAN EMBASSY

Canadian government

FRANCE

AMPS

Precision Machining and bar turning

FRANCE

ANTHOGYR

Machining and assembly of micromechanical parts. Management of kits

FRANCE

AQUITAINE ELECTRONIQUE

Studies, Design, Development, Manufacturing, Industrialization and Integration of functional assemblies in the civil and military aeronautical sectors, weaponry and industry.

FRANCE

AIRBUS FRANCE

Aircrafts Manufacturer

FRANCE

AIRIA

High precision mechanics

FRANCE

AKKA TECHNOLOGIES

AKKA Technologies, a high-technology and engineering Consultancy, is providing guidance to key accounts across the various stages of their projects, from R&D and design to assembly-line production

FRANCE

ALLIO S.A.S.

Design and manufacturing of all types of tools (moulding, trimming, sheet metal forming, machining supports, assembling and control)

FRANCE

ALTRAN SUD OUEST

Innovation consulting

FRANCE

AMPHENOL SOCAPEX

Design expertise, manufacturing, and marketing of connectors and interconnect systems

FRANCE

ANTAVIA

Provider of repair and overhaul services

FRANCE

APSYS EADS

Studies, Audit, Expertise and training engineering to the Aeronautic, Space, Transportation, Defence, Energy and Process industries

FRANCE

AREELIS TECHNOLOGIES

Fluid Mechanics and Energetics

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

ARIA ELECTRONIQUE

Electronics assemblings

FRANCE

ASSYSTEM FRANCE

Innovation Engineering and consulting services

FRANCE

ATECA SAS

Heat Treatment and Brazing

FRANCE

ATR

Turboprop Aircraft Manufacturer

FRANCE

AUDISOFT GROUP SAS

Mobile and wireless videoconferencing

FRANCE

AUTODESK FRANCE

A world leader in 2d and 3d design, engineering, and entertainment software, Autodesk is helping design professionals transform challenges into opportunities, design in better ways, and gain competitive advantage

FRANCE

AVIATEC

Aerospace product distribution

FRANCE

BODYCOTE

Bodycote operates the following service areas:

Heat Treatments & Metal Joining

Hot Isostatic Pressing

Surface Technology

FRANCE

BUREAU VERITAS

Benchmark for risk prevention, safety and quality in Aerospace

FRANCE

ASSISTANCE AERONAUTIQUE ET AEROSPATIALE

Production engineering job cards preparation, industrialisation processes ; aircraft sub-assemblies production metal and metal/composite ; aircraft structural repairs, aircraft conversions ; execution of work-packages ; aircraft maintenance structures, electricity, all systems ; assembling and maintenance of aircraft seats ; aircraft interiors installation ; aircraft support for flight tests ; customer and product support on spot ; Inspection and Quality , NDT experts, trainings for preparaters all specialities including production support

FRANCE

AT2D

Mechanical and civil work engineering

FRANCE

ATMOSPHERE

ATMOSPHERE performs aerospace systems research and development, and operates telecoms enabled services for Aeronautical Users

FRANCE

AUBERT & DUVAL

Developing, melting and hot processing

FRANCE

AURORE ARKA

Rapid prototyping

FRANCE

AUXITROL S.A. GROUPE ESTERLINE TECHNOLOGIES

Development and manufacture of sensors (mainly temperature, pressure, speed and mass flow sensors) that cover the spectrum of aero-engine, aero-equipment and airframe applications

FRANCE

BARCOVIEW TEXEN

Reinforced display and IT systems

FRANCE

BONNANS

Surface treatment, non destructive inspection, painting, chemical milling on all materials, repair, hot and superplastic forming of titanium, assembly and hydraulic tests

FRANCE

CARBOLITE

Carbolite design, manufacture and sell throughout the World a wide range of industrial and laboratory furnaces and ovens

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

CAROMAR

Precision machining, sheet metal work, assembling, spare centre management, all type of welding, tooling, essentially in aeronautics and defence sectors.

FRANCE

CASIMIR

Analysis, Consulting, Studies

FRANCE

CCI SEINE ET MARNE (Representation of 15 companies)

Business federation representing companies from Seine et Marne (France)

FRANCE

CEFIVAL

Manufacturing of flash butt welded tubes and hot extruded special profiles and tubes in any kind of steels, titanium and nickel bases alloys, Inconel...

FRANCE

CHAMBRE DE COMMERCE ET D'INDUSTRIE DE TOULOUSE

Business federation representing companies from Toulouse et Haute Garonne (France)

FRANCE

CLEMESSY SA

Electrical, automated system and software engineering, aeronautic cabling

FRANCE

CLIX INDUSTRIES

CLIX Industries, a renowned adhesive bonding assembly specialist, has the all-round expertise required to meet all your product and bonded assembly engineering needs, whatever materials you use

FRANCE

COMAT

Design, calculation and realization of mecanism, tools, opto-mecanism and vacuum chambers

FRANCE

CONSEIL REGIONAL D'AQUITAINE

Promotion of Aquitaine region

FRANCE

CASE4DE FRANCE SAS

Engineering

FRANCE

CCI DE MONTAUBAN ET DE TARN ET GARONNE

Business federation representing companies from Tarn & Garonne (France)

FRANCE

CCI TOULOUSE-FRANCAZAL

Promotion of Toulouse -Francazal Airport industrial zone

FRANCE

CENTRE NATIONAL D'ÉTUDES SPATIALES

Government agency responsible for shaping and implementing France's space policy in Europe.

FRANCE

CHATAL SA

Precision mechanics

FRANCE

CLERC INDUSTRIES

Cutting and manufacturing in high precision

FRANCE

COGIT COMPOSITES

specialized engineering in composite materials
multi-scale calculation (material-structure ...)
Liquid Composite Molding simulation (RTM-Infusion)
Permability measurement

FRANCE

COMAU AEROSPACE

Comau is a technology and innovation leader committed to the continuous improvement of products, processes and services, through the production of advanced manufacturing systems

FRANCE

CONTINENTAL ENGINEERING SERVICES FRANCE

Continental Engineering Services (CES) has been active worldwide as an independently operating provider of comprehensive engineering services

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

CORREGE

Manufacturing of temperature sensors

FRANCE

CREUZET AERONAUTIQUE

Manufacture of metallic structure and engine parts

FRANCE

DAHER AEROSPACE

Integrated equipments and services supplier

FRANCE

DASSAULT SYSTEMES

Dassault Systèmes delivers Product Lifecycle Management (PLM) solutions for Aerospace and Defense (A&D) companies and their suppliers to accelerate the development of innovative products. For more than 25 years, DS has helped customers advance innovation by providing solutions that integrate business process management with cutting-edge tools for design, engineering, production planning and after sales services.

FRANCE

DEC SA

DEC SA is specialized in the Surface treatment. It has realized for more than 60 years of the Electrolytic and Chemical Deposits for Aeronautics, the Car, the Connector industry as well as other great industrial sectors. We are approved NADCAP, ISO 9001, ISO 14001, EN 9100 and were recognized and validated by many large clients.

FRANCE

DERICHEBOURG ATIS AERONAUTIQUE

DERICHEBOURG AERONAUTIQUE offers manufacturers, airlines, maintenance centres and also leasing companies and financial institutions owning aeronautical equipment, a wide range of continually evolving services, covering all stages in the life of aircraft, from production through to operations and technical assistance for asset management

FRANCE

DHL FREIGHT

Road transportation - groupage, part and full loads - for France/Europe/Maghreb/Middle East.

FRANCE

DHL SUPPLY CHAIN

Offers a comprehensive suite of services drawing on our global scale and local insight to deliver value across your supply chain, from the initial consultancy and design, to final mile delivery and reverse logistics, we provide customized supply chain solutions across all industry sectors.

FRANCE

CPP EUROPE (EX MICROCAST)

Light metal casting

FRANCE

CRISTIN ELECTRO EROSION

High Precision Mechanics

FRANCE

DASSAULT AVIATION

Manufacturing of business jets and fighter aircrafts

FRANCE

DB SCHENKER - AEROPARTS

Transport & logistics solutions designed for and dedicated to the Aerospace Industry

FRANCE

DEDIENNE MULTIPLASTURGY GROUP

From prototype to volume production offering solutions through a complete range of multiplasty (plastic+composite+microwave absorbers)

FRANCE

DHL EXPRESS

Express air shipping

FRANCE

DHL GLOBAL FORWARDING

Freight forwarder , logistics services, customs brokerage services.

FRANCE

DIAMOUTILS SAS

PCD and CBN Tools.

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

DONALDSON LE BOZEC

Donaldson Le Bozec designs and manufactures filter elements (cartridges, strainers, etc.) and complete systems for fuel, hydraulic fluids and air management on aircrafts, helicopters and missiles.

FRANCE

DUQUEINE GROUP

Design and manufacture of composites parts and sub-assemblies

FRANCE

EADS ASTRIUM SPACE TRANSPORTATION

European space transportation and orbital systems specialist, Astrium Space Transportation designs, develops and produces ARIANE launchers, the Columbus laboratory and the ATV cargo vessel for the International Space Station, atmospheric re-entry vehicles, missiles for France's nuclear deterrent force, propulsion systems and space equipment.

FRANCE

ECM

Aeronautical engineering - Design, modelling calculation : Structures, systems, commercial layout

FRANCE

ENSAIT

Research : the GEMTEX, a centre of excellence for composite materials, multifunctional and smart textiles, mass customization, renewable resources, polysensoriality - technology transfer : eu-genie services to companies. Engineers and researchers for private or collaborative companies projects.

Engineer students internships year in companies (3 month) or final year project (18 weeks full time)

FRANCE

EPSILON COMPOSITE

For 20 years, EPSILON COMPOSITE has been the worldwide specialist for carbon fibre pultruded profiles

FRANCE

ESPACE SA

Sub assemblies - Light aircraft production - Kitting - Speed shop

FRANCE

EURO-SHELTER

Design and manufacture of technical shelters for a wide range of civilian and military applications

FRANCE

DSPACE

Producer of engineering tools for developing and testing mechatronic control systems

FRANCE

EADS ASTRIUM

European space transportation and orbital systems specialist

FRANCE

EADS SOGERMA

Design, manufacturing and assembly of structural parts for Airbus and ATR

FRANCE

EFINOR

Boilermaking industry productions, mechanical, piping, welding

FRANCE

EPCI

Sales, marketing and product support service for manufacturers of engineered aerospace products from project to final production.

FRANCE

ERMA ELECTRONIQUE

Design & manufacture of electrical and electronic assemblies

FRANCE

EURO INTER TOULOUSE

European cooperative projects for technological acquisition preparation (Aerospace)

FRANCE

EUROCOPTER

Research and development, manufacturing, assembly, flight testing, customer support, maintenance and repair activities for civil and military helicopters

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

EUROGICIEL INGENIERIE

Engineering

FRANCE

EUROSATORY 2012 - COGES

EUROSATORY 2012 Promotion

FRANCE

FALGAYRAS SA

FALGAYRAS is specialized in the research, development and manufacture of high technology equipment
FALGAYRAS is specialized in the research, development and manufacture of high technology equipment.
We are in charge of manufacturing for the standards setting bodies in the aeronautical and industrial sectors.

FRANCE

FILTRES GUERIN

WE ARE LEADERS IN THE FIELD OF METAL FILTER ELEMENTS

Filtres Guerin have more than 50 years of experience and five production sites. We are leaders in the field of metal filter elements

FRANCE

FORGES DE BOLOGNE - MANOIR INDUSTRIES

Steel stamping - Precision & Isotherm forgings for light alloys - Net shape for blades process - Open-die forging - Filage/Hot extrusion-direct & back extrusion - Hydroforming - Welding and assembling - Precision machining - Machining

FRANCE

FREESCALE SEMICONDUCTEURS SA

Semiconductors

FRANCE

FREYSSINET AERO EQUIPMENT

Mechanical precision parts and assemblies for the aeronautical industry

FRANCE

GECI - SKY AIRCRAFT

Aircraft manufacturer

FRANCE

EUROSAE

Training

FRANCE

EXAMECA

Contractor for aeronautical industry : design and manufacturing of sub-assemblies including sheetmetalwork, forming, welding, piping, machining, welded fabrication, assembly and integration.
Prototypes and spare parts activity.

FRANCE

FIGEAC AERO SA

Aeronautical subassemblies, Structural parts, Engine parts and precision parts

FRANCE

FISA

Precision Ultrasonic Cleaning

FRANCE

FRANCE ETUVES

FRANCE-ETUVES designs, manufactures and markets ovens for laboratory and industry applications

FRANCE

FREQUENTIEL

Identification - Traceability - Mobility

FRANCE

GARLOCK FRANCE SAS

Garlock is recognized as the industrial leader, providing a superior bond with a wide array of elastomers to multiple materials

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

----- **GECI SYSTEMES**

GECI Systèmes is an engineering company specialized in space and transportation areas: aeronautics (74%), space (12%), automotive (5%), defence (2%), naval (7%).

GECI Systèmes is a Tier1 company and work on its Key Accounts Customers' strategical projects (EADS, DASSAULT, TAS, DCNS, SABENA, - etc.) from pre-design studies to certification.

Expertise : mechanical structures and systems design (conception, drafting, configuration management, etc.) and calculation (static, dynamic, fatigue and damage tolerance, thermal, crash, etc.), project management, analysis, conception, certification

- Metallic & composite
- Tools : CATIA V4/V5 - CADD5 - Pro E - AUTOCAD - IDEAS - ANSYS - FLUENT - ABAQUS - PATRAN - NASTRAN - SAMCEF - PAMCRASH - MARC MENTAT etc.

FRANCE

----- **GERAC**

GERAC company, Studies and Research Group Applied on the Compatibility, is a subsidiary of THALES group

FRANCE

----- **GILBERT SA**

Precision mechanics

FRANCE

----- **GROUPE HONEYWELL - LMB**

Axial and centrifugal fans with AC motors (400 hz, variable frequency), DC brushless motors for electronic cooling, Environmental Control Systems, filtration

FRANCE

----- **GROUPE SNPE**

SNPE Matériaux Energétiques manufactures propellant grains and energetic subsystems for the defense, aerospace and automotive industries

FRANCE

----- **HALGAND SA**

Precision machining
Industrial sheet metal working Aluminium sheet working
Aeronautical assembly

FRANCE

----- **GEODIS GLOBAL SOLUTIONS**

Geodis is Europe's fourth biggest operator, a Group of global dimension, able to deliver added value logistics solutions for part or all of your supply chain. We contribute to your international development with our global, multi-modal offering. As a responsible company, we also enforce environmental rules

FRANCE

----- **GIFAS (GROUPEMENT DES INDUSTRIES FRANÇAISES AÉRONAUTIQUES ET SPATIALES)**

French Aerospace association

FRANCE

----- **GLOBAL CONTROL SYSTEM 4 UAS**

Ground control station for unmanned Aerial System for Medium Altitude Long Endurance, High Altitude Long endurance

Man Machine interface

Avionics

FRANCE

----- **GROUPE LE PISTON FRANCAIS**

High precision mechanics

FRANCE

----- **GROUPE SUMPAR**

Machining (prismatic parts, revolution parts), sheet metal manufacturing, integration of subsets, assembly

FRANCE

----- **HARTCHROM AERONAUTICS FRANCE**

Surface treatments

- chromium plating

- cadmium plating

- silver plating

- tin plating, zinc plating

- nickel plating

- polishing and passivation

- rilsan, manganese phosphate

- chemical burnishing,

- penetrant testing and magnetic particules

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

HEC EXECUTIVE EDUCATION

Training

FRANCE

HONEYWELL AEROSPACE

Honeywell Aerospace delivers innovation in technology through advanced design and manufacturing processes, and global collaboration with industry, academia and government

FRANCE

HUTCHINSON

Antivibratory, accoustics and thermal isolants - Fluid transfer - Sealant system

FRANCE

HYDRAUMA INDUSTRIE

Hydraulic systems

FRANCE

IN LHC

Aeronautics and Space

FRANCE

INDUSMECA SAS

Integration of mechanical sub-assemblies

FRANCE

HEXAGON METROLOGY SAS

Metrology

FRANCE

HONEYWELL AEROSPACE - SECAN

Heat exchangers, cold plate type, tubular core type and of compact matrix type (light alloy, stainless steel, nickel, inconel), for airborne and military platforms (air conditioning, utility and electronic cooling, engine oil/fuel exchanger).

Vapor cycle air conditioning systems for airborne and military platforms.

Rigid tanks for airborne platforms (jettisonable fuel tanks in light alloy, auxiliary and structural fuel tanks, hydraulic reservoirs).

FRANCE

HUTCHINSON AEROSPACE - PAULSTRA SNC

Rubber, thermoplastic elastomer and polymer products ...

FRANCE

IEF AERO

Brittany aerospace & defense cluster

FRANCE

INDRAERO SIREN SAS

Systems design, industrialisation, production and complete aeronautical integrations (structure, equipment and aircraft interior fitting)

FRANCE

INTESPACE

Perform environmental testing

- Mechanical tests
- Climatic and thermal tests
- Electrical tests, EMC, RF, ...

Engineering : to optimise the qualification processes

- Test engineering (requirements, specification, development, data processing and management)
- Test facilities and test centres engineering, development and maintenance

Software editor - DynaWorks®

Test data management and analysis solution

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

ISI MIDI-PYRÉNÉES

Our core business is design and R&D applied to the industrial capital goods, implementing definition, calculation and simulation in mechanics and automatism. Our services go from design to complete supply of equipments such as :
- test benches,
- equipments with constraint of high use (handling, logistics),
- assembly equipments for metallic and composite subsets

FRANCE

ITC ELASTOMERES

Expertise in design work, technical assistance, prototyping and industrialising small and medium sized production runs.

FRANCE

JEDO TECHNOLOGIES

JEDO Technologies, waterjet cutting expert, offers cutting and manufacturing of finished goods made of any materials. Waterjet machining for composites materials

FRANCE

LACROIX ELECTRONIQUE

Electronic manufacturing services

FRANCE

LATECIS

Design and calculation of mechanical assemblies
Design and development of manufacturing, assembly, inspection and transport tools.
Design of aircraft structure and equipment parts.

FRANCE

LATELEC

Development, industrialisation, fabrication and test of electric onboard harnesses and bays in aeronautic, spatial and military field.

FRANCE

LEMO FRANCE

LEMO is a global leader in design and manufacture of precision custom connection solutions. LEMO high-quality circular Push-Pull connectors are found in a variety of challenging application environments including medical, industrial control, test and measurement, audio-video and telecommunications.

LEMO offers more than 50.000 combinations of products and continues to grow through custom specific design.

FRANCE

LIEBHERR AEROSPACE TOULOUSE SAS

Development of air systems for all types of aircraft

FRANCE

ISIS

Maintenance of complex electronic equipment and handling obsolescence.

Test benches Design.

FRANCE

ITI SOUTHERN EUROPE

Virtual system engineering - development of standard software tools

FRANCE

LABINAL

Labinal designs, develops, builds and integrates innovative and competitive electrical wiring solutions for the world's aerospace manufacturers

FRANCE

LASELEC SA

Design, manufacturing and sale of UV laser (Ulys and MRO range) cable marking machines

FRANCE

LATECOERE

Aerostructures (50% fuselage + 50% floors), 30% wiring

FRANCE

LE COADOU

Precision machining

FRANCE

LENHARDT S.A.

Bar turning

FRANCE

MATRA ELECTRONIQUE

Conception and manufacture electronics cards

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

MB PROTO GROUPE MMB

Prototyping

FRANCE

MECACHROME

Aerostructure

FRANCE

MECAHERS SA

Aerostructure sub assemblies

FRANCE

MECANO ID

mechanical engineering

FRANCE

MEN MIKRO ELEKTRONIK

Rugged computer boards and systems for harsh, mobile and mission critical environment

FRANCE

MESSER FRANCE

Industrial gas production

FRANCE

MESSIER-DOWTY SA

Engineering and assembly of Landing Gears

FRANCE

MÉTRA MOULES MÉTALLIQUES

Mold

FRANCE

MICROTURBO

Microturbo, a subsidiary of Turbomeca and a part of the SAFRAN Group of companies, is one of the world leaders in gas turbine applications

FRANCE

MCSA

MCSA Group is specialised in the design, industrialisation and production (machining, Assembly, testing) of Electronic, Mechanical and micromechanical, Electromechanical and electro-technical, Hydraulic, Measurement parts and complex sub-assemblies.

FRANCE

MECAFI-ARM

Study and production of mechanical components or mechanical subassemblies with high added value and high technological content by H.S.M.

FRANCE

MECANIQUE AERONAUTIQUE PYRENEENNE

Global service provisions aerospace manufacturers. Risk-sharing projects. 3-4-5 axis UGV high precision machining. Boilemarking, fine aeronautical sheet metal work. Aerostructure assembly and mounting. Material procurement.

FRANCE

MECAPLUS

MECAPLUS is a French subcontracting company for machined mechanical parts.

With CNC machines (CNC lathes 3, 4 and 5 axis, 5 and 6 axis milling machines, high-speed machining, wire erosion, grinding machines, CAD-CAM and measurements tools dedicated ...) and 49 skilled operators, the company is able to manufacture small and average repetitives series of complex parts for industry.

FRANCE

MENTOR GRAPHICS

Electrical and wire harness design

FRANCE

MESSIER BUGATTI

Design & manufacture of brake systems

FRANCE

METAL IMPROVEMENT COMPANY

Metal treatment services

FRANCE

MICRO ELECTRONIQUE VANDER ELST

Electronic equipment

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

MIDI-PYRENEES EXPANSION

Midi-Pyrénées Expansion is the economic development agency of the Midi-Pyrénées region in charge of Inward Investment in the Midi-Pyrénées region at the heart of the Aerospace Valley (South West of France), the world competitiveness cluster in aeronautics, space and embedded systems.

FRANCE

MOULAGES PLASTIQUES DU MIDI

Plastic injection

FRANCE

NEOPOLIA AEROSPACE CLUSTER

With complementary skills, the 40 Neopolia Aerospace Cluster's businesses provide a comprehensive and innovative solution for any project, from design to production : toolings, aircraft manufactured parts, metallic and composites subassemblies / assemblies, aircraft interior...

FRANCE

NEXTER MECHANICS

Hydraulic and mechanical engineering

FRANCE

NIEF PLASTIC GROUP

Transformation of thermoplastic materials by injection and thermosetting materials by injection and compression. Insert Overmoulding. Dual material moulding. Machining

FRANCE

NORMAERO

Manufacturing small standardised components for the aerospace industries

FRANCE

OPTIS

PLM solutions

FRANCE

MISSLER SOFTWARE

Publisher/Integrator of CAD, CAM, ERP and PDM in mechanical, sheet metal and timber activities.

FRANCE

NDT EXPERT

Non Destructive Testing

FRANCE

NEXTER ELECTRONICS

Engineering and maintenance in operational condition.

FRANCE

NICOMATIC

Manufacturer & designer of innovative interconnect solutions

FRANCE

NORDAM GROUP

Specializes in the manufacture, repair, and overhaul of aircraft bonded-honeycomb and composite components

FRANCE

NORMANDIE AEROESPACE (Representation of 16 companies)

Normandie Aerospace Cluster

FRANCE

ORTEMS

ORTEMS, a leading provider of manufacturing planning and detailed production scheduling solutions, offers innovative solutions based on Agile Manufacturing concepts.

ORTEMS is the ideal complement to ERP, MES systems due to the power of its finite capacity optimization engines, the efficiency of its models for dynamic synchronization of production flows and the quality of its certified integrations. ORTEMS provides a dynamic, comprehensive model that integrates the performance of its synchronized MRP technology, which enables obtaining optimal customer service rates in a pull planning production environment. ORTEMS solutions are currently used by thousands of people in more than 40 countries, by international companies including -Mittal, Rio Tinto Alcan, Areva, DCNs, EADS, Knauf, Liebherr, Ministère de la Défense, Nexans, Novartis, Prysman, Ricoh, Thales ,....

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

POSITRONIC INDUSTRIES SAS

Global connectors solutions

FRANCE

PRECILEC / ZODIAC

Designs manufactures and sells sensors, generators, electromagnets

FRANCE

PROTEC INDUSTRIE

Leader in surface treatments, PROTEC industrie uses a complete range of qualified process for your specifics needs in industrials sectors demanding: Aeronautics, space, arms, connectics, nuclear, electronics, telephony, petrochemistry, precision mechanical

FRANCE

RECAERO

RECAERO is specialised in spare parts manufacturing, sub-assembly and modification kits at short notice

FRANCE

RESEAU DE PEPINIERS D'ENTREPRISES DE MIDI-PYRENEES

Promotion of Midi Pyrénées small companies

FRANCE

SAFRAN ENGINEERING SERVICES

Electrical Systems, Aerostructure, Mechanical Systems, Software and Electronic Embedded Systems.

FRANCE

SAGEM DEFENSE SECURITE

Sagem is a world or European leader in solutions and services in optronics, avionics, electronics and critical software for the civilian and military markets.

FRANCE

PRECI 3D

Conception of high precision special parts (UGV), rectification of profile and electron discharge machining

FRANCE

PRES

Cluster for Higher Education and Research "Université de Toulouse" (PRES) consisting of 16 higher education establishments in Toulouse

FRANCE

RATIER-FIGEAC

Propellers - Cockpit Equipment - Actuators - Maintenance & repairs - Subcontracting

FRANCE

REEL SA

Final Assembly Lines and stations integration. Assembly and implementation tools. Handling and lifting systems. Painting telescopic platforms.

FRANCE

ROCKWELL COLLINS FRANCE

Rockwell Collins France is a French electronics company focused on engineering, services and sales of products and systems of the Rockwell Collins group present in three areas :

- Aeronautics (communication systems, navigation, surveillance, display, flight control on aircraft and helicopters, information management and Integrated Logistics Support solutions)

- Defense (Communications, Navigation and Displays, Integrated Systems))

- Data Communications (card repairs, network integration and on-site services)

FRANCE

SAFRAN GROUP

Safran is a leading international high-tech group with three core businesses: aerospace, defense and security

FRANCE

SAINT GOBAIN SEVA

Mechanics, tooling, moulds

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

SAINT NAZAIRE AEROPROD - GROUPE SEGULA

Sheet metal work, manufacturing and subassemblies for aeronautics

FRANCE

SAT

Designer and manufacturer of industrial ovens & furnaces for every thermal processes up to 650°C

FRANCE

SECTEUR PRODUCTIQUE

Consulting Firm:

Diagnosis-Engineering-Materials processing and Assembly
Lean Manufacturing - Flow optimization
Master plans and associated schematics
Logistics and Supply chain machined organization - Molded mechanical parts
Sheet metal parts - Composite parts -
Assembly and sub-assemblies engineering

FRANCE

SERLEG INGÉNIERIE (GROUPE BTS INDUSTRIE)

Design, development and test of mechanical, electrical and thermal parts and sub-parts for aerospace industry

FRANCE

SERMA TECHNOLOGIES

Specialist in analysis, control, expertise and consulting services, SERMA Technologies assists the major companies in the electronic sector, manufacturers/users of electronic components, boards and systems on various issues such as development, technological choices, quality, reliability, and security.

FRANCE

SERTA AEROSPACE & DEFENCE

Engineering, design, industrialization and manufacturing of parts an aeronautical structures, assembly and integration of mechanical and composite subcomponents, aeronautical and technical documentation.

FRANCE

SIBI SA

mechanical subcontracting

FRANCE

SAS LINK PRODUCTION

Multi-industry productivity analysis and production monitoring software

FRANCE

SDV INTERNATIONAL LOGISTICS

Logistics specialists in the aviation industry: Global service provider, Transport organizer,

FRANCE

SERICAD

Design and development of test and trial benches and special machines Design of electronic boards and mecatronics subassemblies Software development Complete integration and installation on site

FRANCE

SERMA INGENIERIE

Embedded and industrial electronic systems subject to environment limiting factors.

1-□Design and engineering services on systems combining electronic, data processing and mechanical technologies on embedded electronic issues.

2-□Set-up of technical platforms dedicated to customers (development of long-term projects).

3-□In-house technical assistance (extension of engineering studies and services already performed)

FRANCE

SERODEM

Precision mechanics

FRANCE

SFINT

Manufacture of temperature sensors

FRANCE

SIC MARKING

SIC Marking : Identification that withstands time.

SIC Marking is an international company dedicated to the development of permanent marking solutions & automated identification (Data Matrix) for complete traceability of industrial components.

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

SICMA AERO SEAT

Design and manufacture of aircraft seats

FRANCE

SIRA GROUPE

Manufacturing of metallics and composites mechanical parts and subsets.

FRANCE

SN LOUIT

Fine sheet metal work - structural assembly - mechanical machining

FRANCE

SNPE MATÉRIAUX ENERGÉTIQUES

Design and development of propulsion lading, power equipment for aerospace

FRANCE

SOCOMORE

Socomore manufactures and markets expert solutions for preparation and protection from metallic or composite materials

FRANCE

SOFLOG-TELIS

Leader in industrial packing & packaging

FRANCE

SOFRANCE

Sofrance develops, produces and markets a wide range of filtration systems for fuel, lubrication, air and hydraulic circuits

FRANCE

SOGETI HIGH TECH

Expertise in systems engineering, industrial physics, testing & industrial services

FRANCE

SOMOCAP

Molding of technical parts in rubber, composite, and thermoplastic

FRANCE

SIMAIR ARSENIA

Simair has a unique experience in the present aerospace world. Through aerostructure pieces and assemblies, cabin interior, maintenance, cabin repair...

FRANCE

SLICOM INTERNATIONAL

Achievement of parts small, medium and large size, mechanical and structural sub-assemblies "ready to fly". Design and manufacturing of aeronautical jigs and fixtures. Maintenance and repair of metallic and composites structural.

FRANCE

SNECMA

Aeroengine manufacturer

FRANCE

SOCIETE DE GALVANOPLASTIE INDUSTRIELLE

Surface treatments

FRANCE

SODIMATEL FASTENERS

Manufacturing and distribution of fastening and assembly elements

FRANCE

SOFOP SA

Precision mechanic

FRANCE

SOGECLAIR AEROSPACE SAS

Aeronautical & space mechanical engineering - Metallic and composite Structure design and stress analysis - configuration management

FRANCE

SOMEPI INDUSTRIES

Study & realization of press tooling - Mechanicals spare parts sub contracting

FRANCE

SOREC

sorec, the design solution specialist design, integration and manufacturing in small and medium production runs - electronics, electrical and rack wiring

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

SOTIP

Fine sheet metal working company

FRANCE

SREBOT TECHNOLOGIES

Subcontractor in Aeronautic, mainly centered in the production of large parts for Aero Engines such as CFM56, GE90, CF34, GEnX (shroud van stage, rings, compressor case, compressor shaft, Flange, Casings, Disks...)

We are recognized as a leading supplier in Europe for the production of large Thin-Wall components for the Aero-Engine industry

FRANCE

SUCHIER SAS

CNC machining services - mechanical assembly

FRANCE

SUPERMETAL

Precision mechanics

FRANCE

TEAM PLASTIQUE

Thermoforming - Vacuum Laminating - Machining - Assembling

FRANCE

TECHNOFAN

Equipment and ventilation systems

FRANCE

THALES AIRBORNE SYSTEMS

Communication solutions to our customers across a myriad of operational environments including airborne systems.

FRANCE

THALES AVIONICS ELECTRICAL SYSTEMS SA

Provide electrical power conversion system for aircrafts

FRANCE

SPECTECH FRANCE

Distributor, stockist, supply chain management (direct line feed, kitting, just in time, RFID...) of aerospace fasteners and C class parts for the aerospace industry both civil and military

FRANCE

STUDELEC SAS

Industrial Engineering, research and development in electronics and mechanics

FRANCE

SUD AERO

Machining (NC milling lathe), structural assembly and routing, TIG welding, Sheet metal work, painting

FRANCE

SYSTEM SAS

Software company author of BEAM-REPORT

FRANCE

TEHCI RHONE ALPES

Professional Printed Circuits Boards
Multilayers and Flex-Rigid.
Aeronautics and Military Applications

FRANCE

TEXADER AGATE

Discover the great potential of a region where the word textile means dynamism, innovation and added value. Companies operating in the Textiles and Clothing industries in the Midi-Pyrenees region have updated and adapted their traditional skills and expertise to encompass tomorrow's needs: technical textiles, new markets, mass customisation, design etc

FRANCE

THALES ALENIA SPACE

Space Telecom Sat., Scientific Sat., Earth Obs. Sat., Military Sat. Space Infrastructure (hab. Modules), Electronic Equip.

FRANCE

THALES AVIONICS SA

Development, production and supports of avionic systems

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

THALES GEODIS FREIGHT & LOGISTICS SA

Logistics & transport

FRANCE

THALES SYSTEMES AEROPORTES

Development and manufacturing of airborne equipment

FRANCE

THERMI GARONNE (GROUPE THERMI LYON)

Service provision in heat treatment and vacuum coating

FRANCE

THYSSENKRUPP VDM FRANCE SARL

Production of Nickel and Cobalt alloys and titanium as plates, bars, strips and wire

FRANCE

TRONICO

Assembly, integration and test (AIT) of electronics in small and very small series, wiring and test of chassis and frame slides. Design, development, prototypes, industrialisation, repair, through-life support, secure storage and characterisation and analysis of components.

FRANCE

UPETEC

As adaptive software designers, we are specialists in emergence technologies and the associated know-hows. We support you in your endeavour to build complex systems or we build them for you. You obtain solutions for problems prohibiting classical approaches.

FRANCE

ZODIAC DATA SYSTEMS

Zodiac Data Systems is a leading provider of data acquisition and recording systems to the Department of Defense, avionics and aerospace companies

FRANCE

AEROTECH PEISSENBERG GMBH & CO KG

Aerotech Peissenberg GmbH & Co. KG specializes in the manufacture of complex parts for the aviation industry

GERMANY

ASG LUFTFAHRTTECHNIK UND SENSORIK GMBH

Accumulators, Engine Accessories, Hydraulic Pumps

GERMANY

THALES MICROELECTRONICS

Micro electronics

FRANCE

THALES UNDERWATER SYSTEMS SAS

Thales is now a global leader in underwater systems and the world's top exporter of sonars

FRANCE

THYSSENKRUPP MATERIALS FRANCE

Specialists in steel and non-ferrous metal distribution and processing services

FRANCE

TORUS (SÉGNERÉ SAS ; SAFIAL PROFOR SA)

Industrialisation and production of Detail parts and complete metal subsets

FRANCE

UBIFRANCE

Support of french companies for their export development

FRANCE

VODEA

Rugged Ground Systems - Airbones Systems

FRANCE

ZODIAC INTERTECHNIQUE

Civil and military fuel circulation

FRANCE

AIRCRAFT PHILIPP GMBH & CO KG

High precision components to the aeronautics & aerospace industry and general mechanical engineering industry

GERMANY

AUGUST STEINMEYER GMBH & CO.KG

Leading ball screw manufacturer with 40+ years of experience in aerospace and industrial applications. DIN/ISO 9001 and EN 9100 approved. We build to print or design and build to spec.

GERMANY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

BADEN - WURTTENBERG INTERNATIONAL (Representation of 15 Companies)

Agency for international economic and scientific cooperation
GERMANY

BAVARIA E.V.

Bavaria Aerospace Cluster
GERMANY

BINDER TECHNOLOGIE

Production of metal components, especially by means of forming, machining and welding (also laser-welding) made of aluminium, steel, stainless steel, titanium and ni-based alloys
GERMANY

DÜRR SYSTEMS GMBH

Assembly and Paint Installations for Aircraft - Automatic Measuring and Positioning Installation and Equipment.
GERMANY

FLEXIPACK INTERNATIONAL WUNDERLICH GMBH

Industrial packaging.
GERMANY

FORUM LUFT UND RAUMFAHRT BADEN WURTEMBERG EV

The Forum Luft- und Raumfahrt Baden-Württemberg e.V. (Forum LR BW) represents the aerospace industry of Baden-Württemberg and is a link to politics, research institutes, enterprises and other relevant social groups. The cooperation agreement with the University of Stuttgart, the cooperation with the DLR, the Steinbeis-Foundation and other research institutes emphasize the target of a close coordination between research and development within the industry. The working topics and matters like technology, research and development, networking and cooperation, are discussed with the members and are qualified accompanied by different working groups.
GERMANY

GE INTELLIGENT PLATFORMS

Software and Control systems
GERMANY

BAE SYSTEMS SCHROTH SAFETY PRODUCTS GMBH

State-of-the-art safety belts systems
GERMANY

BEHR INDUSTRIE-TECHNIK GMBH

Heat exchangers, cooling and airconditioning systems
GERMANY

DEUTSCHES ZENTRUM FÜR SATELLITEN- KOMMUNIKATION E.V.

Site marketing for members on national and European level
Coordination of recruitment activities, collaboration with Universities
Acquisition of R%D funding for the members on national and European level
GERMANY

EADS DEUTSCHLAND GMBH

Original Equipment Manufacturer (Civil and Military Aircrafts, helicopters, Satellites, Defence and Security Systems etc.)
GERMANY

FORMTECH GMBH

Sheet metal forming, hot forming, Gas pressure forming of Titanium alloys and other hi-temp alloys, SPF test for of sheetmetal alloys, Diffusion bonding, Cellular (sandwich-like) parts, Cold forming with elastomer pad press, TIG welding with continuously working Ar chamber
GERMANY

FRAUNHOFER GESELLSCHAFT C/O FRAUNHOFER LBF

Application-oriented research organization
GERMANY

GRUNEWALD GMBH & CO KG

Grünwald is a highly specialized and qualified group of companies.
We offer both function-orientated and production-orientated concepts in tooling, casting and machining.
GERMANY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

HANSE AEROSPACE E V (Representation of 10 Companies)

German aerospace association

GERMANY

LAP GMBH

Laser Systems for Measurement AOD Projection

GERMANY

M.U.T. AVIATION TECHNOLOGY GMBH

m-u-t Aviation offers a wide range of solutions specifically built for use in the aviation industry and related markets in the areas of fire detection, fuel measurement, automated testing, video systems, sensors & data management and motion simulation

GERMANY

MTU AERO ENGINES GMBH

Engines manufacturer

GERMANY

PHILOTECH GMBH

System engineering, software and technical logistic

GERMANY

PRO-BEAM AG & CO. KGAA

Service (job shop) for electron beam welding, hardening, drilling;
machine design, construct and built;
equipment supply for uniform magnetic heating systems

GERMANY

RUAG AEROSPACE DEUTSCHLAND GMBH

Aircraft, Engine, Helicopter, Missile and Self-Protection System MRO, Upgrade and Support

GERMANY

SCHWÄBISCHE WERKZEUGMASCHINEN GMBH

Multi spindle machining centres, automotive aluminum and titanium workpieces aerospace

GERMANY

HIGH SYSTEM TECHNIK - HST

Leading manufacturer of screw tightening technology for the electrical- and automotive industry

GERMANY

LIEBHERR AEROSPACE LINDENBERG GMBH

Liebherr-Aerospace Lindenberg GmbH is one of Europe's leading manufacturers of aircraft equipment. Its products include landing gears as well as flight control and actuation systems

GERMANY

MAG INDUSTRIAL AUTOMATION SYSTEMS

MAG is the leading supplier of machine tools for the Aerospace Industry and supplier-of-choice to aircraft producers around the globe.

GERMANY

P3 GROUP

P3 is a worldwide acting group of companies with offices in America, Europe, Asia and Africa. For our customers we carry out complex development projects including the complete project management, conception and coordination - and integrate suitable partner companies for design and build solutions.

GERMANY

PREMIUM AEROTEC

PREMIUM AEROTEC is one of the worldwide leading supplier for structures and manufacturing systems for aircraft construction

GERMANY

ROLLS ROYCE GMBH

Engines manufacturer

GERMANY

SAINT GOBAIN MG SILIKON GMBH

Development, production and sales of molded, extruded & composites parts made of high performance elastomer (silicone, fluoropolymer for the aircraft industry.

GERMANY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

VEROCEL GMBH

Verocel offers expertise, services, consulting, and tools to the Avionics industry for the verification of software according to DO-178B and related standards, including:

Development and review of software plans and standards,
Software requirement and test development,
Software structural coverage analyses,
Life cycle data traceability,
Outsourcing of the verification activities (complete or partial),
Verification of new or already existing software,
Raising of certification levels.

GERMANY

ZIEGLER GRUPPE

Milling and drilling of highly complex parts in small and mid-size productions runs
More than 60 highly qualified employees
Complete and pre-finished parts ready for assembly (mounting bushes and inserts, Surface/heat treatment)

GERMANY

GRAVITA'S 2000 KFT

Precision parts, sub-assemblies, tool manufacturing for medical, tooling and aerospace industry

HUNGARY

ITDH - DELEGATION COMMERCIALE DE HONGRIE

Promotion, informations on business and investment opportunities in Hungary, helping Hungarian suppliers to find business contracts with foreign contractors

HUNGARY

SM CREATIVE ELECTRONICS LTD.

Solutions for Airborne, ship borne, satellite ground/space and control centre applications

INDIA

ASHOT ASHKELON INDUSTRIES LTD

"Ashot is a Built-to-Print and Build-to-Spec manufacturer with four main areas of expertise:"

ISRAËL

CABIRAN (1991) LTD.

Cabiran (1991) Ltd specializes in producing complete to print aluminum parts at flight hardware standards

ISRAËL

WERUM SOFTWARE & SYSTEMS AG

Software engineering, custom specific IT solutions, Test bench automation, test data management
AIV data and information management

GERMANY

ADMATIS LTD.

Space experiment on board of ISS. Designing, development and manufacturing satellite equipments. Metal foam technology patent. Thermal imaging.

HUNGARY

HILASE LTD.

Develops and manufactures laser based gas detection instruments for the natural gas and biogas industry as well as for environmental monitoring. It also offers its service for measuring gas permeability parameters of polymer membranes, sheets and tubes

HUNGARY

MAGYARMET

Production of investment castings (lost wax process) in low- and high alloy steel, Ni- and Co-based alloys

HUNGARY

AEROMAOZ CORP

Developer and manufacturer of illuminated control and display panels. Night vision conversions, keyboards and bezels.

ISRAËL

AVIRON

Extrusion of aluminum and hard alloys for the aerospace industry

ISRAËL

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

CYCLONE - ELBIT SYSTEMS AEROSPACE

Cyclone is a company with extensive experience in the design and production of aircraft structural assemblies and special parts for the civil and military aircraft industry is proposing, in the frame of an offset program, the cooperation with Aerospace and Defense (A&D) prime or lower tier companies, either locally or worldwide, for the manufacturing of aeronautical metal alloys and composite material structural assemblies and subsystems, both for military and commercial aircrafts.

ISRAËL

ISRAEL AIRCRAFT INDUSTRIES SA

Manufacture for defense system needs, manufacture for export, and construction of long-term infrastructure for domestic and export defense needs

ISRAËL

ISRAELI AEROSPACE INDUSTRIES - IAI

The Commercial Aircraft Group within IAI is a global manufacturer of aircraft, aircraft structures and landing gear systems serving the commercial and the defense markets.

ISRAËL

MATECHET CARMEL

Matechet Carmel is a private company specializing in custom-made metal sheet parts by stamping, deep drawing, punching

ISRAËL

NEWBYTE FLIGHT DYNAMICS

UAV and Fixed Wing Professional flight simulation, modelling and software development.

ISRAËL

ORLITE INDUSTRIES LTD

Orlite was founded at 1959 by Israel Aerospace Industries. Since then we are dealing with composite material and advanced technology. More than 50 years of experience in developing and manufacturing products and solutions made of composite materials.

Orlite's aerospace products line include: interior kits for P2F conversion projects, Structural parts, Ducts with multi opening in "One step process", Radomes, parts for F18 External Fuel Tanks & UAVs parts as main body, Wings, Radomes antenna, landing gear, engine Air intakes etc.

ISRAËL

ELBIT SYSTEMS AEROSPACE

Avionics (integrated avionics suites, digital maps, displays, head-up displays, head mounted displays) special mission A/C (mission systems, sensors, system integration), A/C simulators

ISRAËL

ISRAEL EXPORT & INTERNATIONAL COOPERATION INSTITUTE (Representation of 15 Companies)

Give support to Israeli companies who wish to export and cooperate with foreign firms as well as find business opportunities and business developing abroad.

ISRAËL

KANFIT LTD

Kanfit is an aerospace engineering development and production company that specializes in the combination and integration of composite and metal production under one roof of a small and flexible business, cost effective, and agile subcontractor. One stop shop, end to end solution provider from product specification to serial production.

ISRAËL

MICRO-CERAMICS

Micro-Ceramic is a world class ceramic manufacturer, with existing market locally and across the globe, with high-end technology and capabilities, starting at the development stage through manufacturing and selling. Proven business for over 22 years

ISRAËL

ORBIT TECHNOLOGY GROUP LTD

Audio Management Systems for all types of aircraft (Transport, Special Mission, Helicopters, Fighters) as well as all types of ships mainly for fast patrol ships
Electronic equipments for aircraft such as Radar Altitude Warnings,

ISRAËL

RADA ELECTRONIC INDUSTRIES LTD

RADA Electronic Industries Ltd. (NASDAQ: "RADA") is a Defense Electronics System House specializing in sophisticated, military-oriented electronic systems for airborne and land applications. RADA offers complete system solutions in addition to OEM subsystems and products, designed primarily for the aerospace and defense markets

ISRAËL

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

STEADICOPTER LTD.

Steadicopter provides innovative solutions for civil and military applications

ISRAËL

AIAD - ITALIAN INDUSTRIES FEDERATION FOR AEROSPACE, DEFENCE AND SECURITY

Italian Aerospace Association

ITALY

ALENIA AERONAUTICA

Alenia Aeronautica, a Finmeccanica company, develops its role as global aeronautical player active in the military and civil markets by continuously increasing its ability to design, build, integrate and support complex systems

ITALY

ALTAIR CONSORTIUM

Engineering & Maintenance

ITALY

AVIO SPA

Propulsion for aircrafts and helicopters commercial and military

ITALY

BIMAL

Design & build test stands

ITALY

CENTRO ESTERO UMBRIA / UMBRIA AEROSPACE COMPANIES

Umbria Aerospace Companies is an association founded in 2008. It is presently composed by 28 aerospace companies of the central Italian region of Umbria. Their premium quality manufacturing and technical expertise covers a broad spectrum of requirements within both the aeronautical and aerospace industries (e.g. structural components of all kinds, mechanical equipment, mechanical/electrical avionic systems, interior furnishings and test systems).

For more information on all 28 companies, their expertise and production lines, please visit www.umbriaaerospace.com or contact info@umbriaaerospace.com.

ITALY

TAT TECHNOLOGIES LTD

Design and manufacture of following product lines : Heat transfer products, Complete electronics cooling systems, Flow accessories, Vapor cycle air conditioning systems for light aircraft... / Repair and overhaul

ISRAËL

ALENIA AERMACCHI SPA

Production and support of military training aircraft, production and support of aerostructures and nacelles

ITALY

ALFA MECCANICA SRL

High Precision Machining

ITALY

ASSIREVA SRL

ASSIREVA is specialized in the manufacture of servomechanism bodies and actuators, precision mechanics, grindings, platings, special treatment and surface protection

ITALY

AVIOLAMER

Design and mechanical machining

ITALY

BRETON SPA

3,4,5,6 axis machining centres for manufacturing of aluminium, composite aerostructures and parts, Inconel and superalloys components for jet engines parts

ITALY

CHAIN S.C.A.R.L.

CHAIN SCARL: Chain - Campania Helicopters and Airplane Industry Network – is a consortium established in 2007, currently counting 36 partner companies

ITALY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

CIMA SPA

CIMA is an industry of highly specialized in the development and production of systems or components for the movement of high performance. Gearboxes, reductors and all the ground gears for aerospace, Formula One and racing application.

ITALY

COMER CALÒ SRL

Specialized in producing complex components of high precision, providing following activities: -design & development of mechanical equipment

ITALY

CURTI COSTRUZIONI MECCANICHE SPA

For aeronautic and defence: machining of mechanical components, sheets welding and machining (aluminium + titanium and stainless steel alloy) - assembly of structural parts

ITALY

DISTRETTO AEROSPAZIALE LOMBARDO

DISTRETTO AEROSPAZIALE LOMBARDO is a network of companies able to integrate different competences: from fixed- to rotary wings, from satellites to avionics, from materials to equipments and to the most qualified systems for flight. In Lombardia around 200 companies and 14,500 employees operate in the various areas of the aerospace industry and produce about 4 billion Euros of total turnover. The region is able to generate about 38% of the Italian export of aerospace industry.

ITALY

ELLENA SPA

Precision tooling of mechanical components on CNC machine tools.
Design, production and assembly of mechanical, pneumatic and hydraulic groups for aerospace, fluid control, automotive and food sectors.

ITALY

FERRARI

Car manufacturer

ITALY

CO.ME.AR.

Since 1977, CoMeAr machines high complexity components for the aerospace, aeronautical and industrial fields. CoMeAr assures a deep knowledge on tools and special materials, an optimal application of the most advanced techniques and execution of machining operations through multi-task F.M.S., supported by sophisticated software, CAD/CAM

ITALY

CORONA S.P.A.

Manufacturing of multiplayer and rigid flex printed circuit boards

ITALY

DEMA SPA

DEMA - Design Manufacturing SpA - has been operating in the aerospace field since 1993, as a prominent innovative company thanks to the interpretation of the most complete development form: the verticalization. This process offers a product that integrates different capabilities: engineering and manufacturing engineering; manufacturing of sheetmetals, machining and composite parts; heat treatments; assembly.

DEMA is partner of Alenia Aeronautica and is involved in the most important international aeronautical and R&D programs.

ITALY

ECOR RESEARCH SPA

Planning, production and assembly of components and assembled groups in stainless steel, titanium and special alloys, using the welding processes TIG, MIG and Laser Yag.

ITALY

ERA ELECTRONIC SYSTEMS

Electronic systems

ITALY

FONDERIA MASPERO SRL

Non ferrous metals hot forging

ITALY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

FUCINE UMBRE SRL

Forgings and machining of parts in special steel, aluminum alloys, titanium alloys and superalloys

ITALY

G.N.R SRL

Design, production and sale of spectrometers

ITALY

GIANNUZZI SRL

Aircraft Interiors, Equipment and Design

ITALY

HTF SRL

On shore equipment Manufacturing processes, tests, certification

ITALY

INGERSOL ENGINEERS

Consultancy and services.

ITALY

ITALPUNTE

Italpunte is a company that specializes in the production of microdrills, drills, mills, reamers and solid carbide tools, made on design and to the specifications of the customers

ITALY

LOGIC S.P.A. SISTEMI AVIONICI

Design, development, production of electronic and electro-mechanical avionic equipment

ITALY

MECCANICA MERLETTI SRL

Aerospace mechanical manufacturing, 5 axis machining, specialized in processing of titanium, Inconel, stainless steel, assembly group, ground support equipment

ITALY

METROLOGIA SPA

Measures

ITALY

G.BARBERI

GB Barberi designs and manufactures Ground Support Equipment (GSE), mainly focusing on the sector of helicopters and military aircrafts.

ITALY

GAROFOLI, SPA

Telecommunication, micromechanics, shelters, airport infrastructures

ITALY

GIELLE SRL

Fire prevention - Halon Bank

ITALY

IDS - INGEGNERIA DEI SISTEMI

Engineering system technology company, providing research and innovation in the electromagnetic field for Civil and Defence

ITALY

ITALIANA PONTI RADIO SRL

Founded in 1984, IPR is currently one of the most renowned manufacturers of solutions for fixed and mobile communications and for advanced investigation systems in Europe; it is also one of the most important suppliers of airborne systems for most of the major public and private aviation companies

ITALY

LMA SRL

Precision mechanical machining

ITALY

MECAER AVIATION GROUP

Flight control, landing gear system, actuation, completion, interiors

ITALY

MECFOND S.P.A

Designing and manufacturing tool equipment and special systems for OEM and aeronautical constructors.

ITALY

NCM SPA

Manufacturing engine, gas turbine parts. Heat Treatment- Brazing. HVOF-Plasma Coating Electron Beam Welding. Tig Welding. Assembling and Tests

ITALY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

O.V.S. VILLELLA S.R.L.

O.V.S. Villella main activities are manufacturing of aerospace structures, sheet-metal, welding, piping, machining, NDI and surface treatments.

ITALY

OMA DI ARSENI DAVIDE

Aerospace machined parts

ITALY

PIAGGIO AERO INDUSTRIES SPA

Aircraft manufacturer

ITALY

PRIMA INDUSTRIE

PRIMA INDUSTRIE provides high power CO₂, Nd:YAG and Fiber laser generators together with motion systems and controls for manufacturing in the aerospace market. The PRIMA INDUSTRIE systems are a key success factor for cutting, welding and drilling 2D and 3D parts.

The solutions in the aerospace field go from engine parts machining like combustors, blades and vanes, compressors and turbine frames to aircraft structures, cases, ducts and pipes, wings and blades skins

ITALY

QFP SRL

Design of metal/composite structures and mechanisms. Stress analysis of metal/composite aircraft structure and mechanisms. High skills in kinematics and equipped aerostructures. Tooling design. Planning, Product management and Technical documentation.

ITALY

REGIONE PUGLIA - AREA PER LO SVILUPPO ECONOMICO IL LAVORO E L'INNOVAZIONE

Puglia region

ITALY

SELEX GALILEO SPA

SELEX Galileo, a Finmeccanica company, is a leader in defence electronics markets

ITALY

OMA

Design, development, manufacture and product support of hydraulic/mechanical actuation components and systems

ITALY

PATTONAIR SRL

Global Aerospace and Defence Supply Chain Service Provider

ITALY

POLA E MASSA SRL

Design and assembly of machines and equipments for wash, deburr and surface preparation of flat parts and profiles (aluminium, titanium, stainless steel...). Distribution and service worldwide. High flexibility to adapt equipment to the customer's specification and special request

ITALY

PROCESSI SPECIALI SRL

Specialized firm in surface and protective treatments

ITALY

RAMPINI CARLO SPA

Manufacturing activities, strategic design and marketing activities

ITALY

SALVER SPA

Develops and manufactures products in composite materials

ITALY

SELEX SISTEMI INTEGRATI SPA

SELEX Sistemi Integrati, a Finmeccanica company, designs and develops Large Systems for Homeland Protection, systems and radar for air defence, battlefield management, naval warfare, air traffic control, coastal and maritime surveillance.

ITALY

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

SILMAX

Production of carbide and HSS cutting tools

ITALY

T.R.E.D. SRL

The company operates in construction of super abrasive tools, in diamond and ABN, CBN-Borazon

ITALY

TECNOLOGIE INDUSTRIALI & AERONAUTICHE SPA

Design and manufacturing of thermoacoustical Insulation for Aircrafts

ITALY

TIBENI GROUP S.R.L.

Aerospace manufacturing

ITALY

TORINO PIEMONTE AEROSPACE (Representation of 10 Companies)

Torino Piemonte Aerospace is an Italian cluster that offers international buyers (main constructors and prime contractors) a preferential channel to meet a selection of top class companies and facilitate business development

ITALY

THE SOCIETY OF JAPANESE AEROSPACE COMPANIES

Japan International Aerospace Exhibition Office

JAPAN

ROTAREX AUTOMOTIVE

ROTAREX is now a worldwide group of companies. Market leader in gas valves, regulators and fittings for LPG, CNG, UHP, Fire extinguishers, Semiconductor, Medical and Industrial applications. ROTAREX covers many markets for all types of gas applications

LUXEMBOURG

MALAYSIAN FRENCH CHAMBER OF COMMERCE & INDUSTRY

Business federation representing companies from Malaysia

MALAYSIA

MIDA - MALAYSIAN INDUSTRIAL DEVELOPMENT AUTHORITY

Business federation representing companies from Malaysia

MALAYSIA

SUPERJET INTERNATIONAL SPA

Marketing and Sales of SSJ100 for the Western markets

ITALY

TECHNOLOGYCOM S.R.L.

Development and Production of Advanced Composite Materials having Polymeric Matrix, reinforced with carbon, glass, aramide, and various fibers, in unidirectional, fabric, multiaxial configuration

ITALY

THALES ALENIA SPACE

Space Telecom Sat., Scientific Sat., Earth Obs. Sat., Military Sat. Space Infrastructure (hab. Modules), Electronic Equip.

ITALY

TITANIUM INTERNATIONAL GROUP SRL

Supplying of aerospace raw materials, as titanium, nickel alloys and steels.

ITALY

TUBIFLEX SPA

Manufacturing of stainless steel flexible hoses, assemblies and expansion joints.

ITALY

EZC GROUP

procedure / CAPA / Document Control . Global Collaborative Platform - Software and Services . Available as an Internet service or installed on site. IT Consulting (Collaborative Tools)

LUXEMBOURG

JECMETAL INDUSTRIES SDN BHD

Providing flexible manufacturing service to OEM for parts making to meet manufacturing needs for low volume high mix parts making

MALAYSIA

MATRADE

Organising export promotion activities for Malaysian companies

MALAYSIA

SME AEROSPACE SDN BHD

Manufactures Metal-based Aircraft Parts, Components, sub-assemblies and assemblies, such as Airbus and Boeing

MALAYSIA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

AXON INTERCONEX, S.A. DE C.V.

Axon' Interconex manufactures Axojump® Flat Flexible Cables, Axolink® Flat Display Cables, Picocoax® miniature coaxial cables, Micro-D connectors and assemblies for use by the automotive, medical, telecom, electronics, space, military and oil industries

MEXICO

EATON AEROSPACE

Eaton Corporation is a diversified power management company with 2009 sales of \$11.9 billion. Eaton is a global technology leader in electrical components and systems for power quality, distribution and control; hydraulics components, systems and services for industrial and mobile equipment; aerospace fuel, hydraulics and pneumatic systems for commercial and military use; and truck and automotive drivetrain and powertrain systems for performance, fuel economy and safety. Eaton has approximately 70,000 employees and sells products to customers in more than 150 countries.

MEXICO

ELIMCO PRETTL AEROSPACE

Electrical harness assemblies & Control box Design and manufacturing focus on Aerospace business

MEXICO

FRISA AEROSPACE, S.A. DE C.V.

Frisa Aerospace manufactures seamless rolled rings in a variety of high grade nickel, titanium, aluminum and stainless steels. We serve the needs of a variety of market sectors including aerospace, power generation, oil & gas and petrochemical.

MEXICO

GONZALEZ AEROSPACE (GPSM)

Specializing in tooling and industrial automation build, certification, installation, and service of tooling for aerospace component manufacture

Tool Design and Engineering

Fabrication and Machining

Assembly Tooling

Facilities Equipment

Transport Fixtures

Material Handling Equipment

Work Platforms, Balconies, Stairs, etc.

Trim and Drill Fixtures

Robotic Work Cells

Automated Assembly Systems

Vision Assisted Robot Guided Drill/Fastening Systems

In house CMM Inspection & Certification Laser Tracker

Capability

Extensive Local Supply Chain to support large fabrication and machining requirements

CATIA, UNIGRAPHICS, ATUOCAD

MEXICO

BROVEDANI REME MEXICO, S.A. DE C.V.

Precision Machining Components

MEXICO

EATON POWER SYSTEMS S. DE R.L. DE C.V.

Eaton is a global technology leader in electrical components and systems for power quality, distribution and control

MEXICO

ESPECIALISTAS EN TURBOPARTES S.A. DE C.V.

Parts manufacturing, service on site and overhaul of Turbomachinery Equipment

MEXICO

GOBIERNO DEL ESTADO DE CHIHUAHUA

Chihuahua aerospace cluster

MEXICO

GUANAJUATO STATE GOVERNMENT

Guanajuato Government

MEXICO

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

JALISCO AEROSPACE COUNCIL

Support and develop the aerospace industry in Jalisco and promote the state to new investment projects

MEXICO

LABTA - TECHNICAL SERVICES AND TECHNOLOGY

Projects and technology development

MEXICO

PROMEXICO

ProMéxico is the Mexican Organism of the Federal Government that promotes trade and investment.

MEXICO

STATE OF QUERETARO MEXICO (Representation of 5 Companies)

1. Aeronautical cluster development
2. Information regarding advantages and opportunities of investment in Querétaro

MEXICO

TURBORREACTORES, S.A. DE C.V.

ITR's engineering and design center has highly-skilled people and the most advanced design and manufacturing techniques and tools for design engineering and airworthiness certification projects, from design and manufacturing through assembly or improvement of aircraft components.

MEXICO

AGENCE MAROCAINE DE DÉVELOPPEMENT DES INVESTISSEMENTS

Moroccan Investment Development Agency

MOROCCO

DOLPHIN INTERCONNECT SOLUTIONS ASA

Vendor of low latency, high throughput interconnect solutions for Embedded and business applications and solutions.

NORWAY

EVOLVE SPACE SOLUTIONS

SME company providing consultancy services and product solutions to the aerospace sector in the field of verification and validation, software virtualization, virtual reality and precise navigation

PORTUGAL

AVIAAGREGAT, JSC

Surface, on-board, fueling and rescue aviation equipment

RUSSIA

KUO AEROSPACE S.A. DE C.V.

Manufacturing of precision machined components and sub assemblies for the aerospace industry

MEXICO

NUEVO LEON STATE GOVERNMENT

Promotion of economic developing in the region, by facilitating doing business in Mexico in the aerospace industry

MEXICO

QUERETARO STATE GOVERNMENT

Business federation representing companies from Queretaro (Mexico)

MEXICO

STATE OF SONORA MEXICO (Representation of 5 Companies)

Sonora aerospace cluster

MEXICO

UNIVERSIDAD AUTÓNOMA DE NUEVO LEÓN

Training

MEXICO

GIMAS

Moroccan Aerospace Association

MOROCCO

KONGSBERG DEFENSE

Systems for command and control, weapons guidance and surveillance, communications solutions and missiles

NORWAY

AEROSTAR

Subcontractor of parts, aerostructures, sub-assemblies and equipment for general and civil aviation

ROMANIA

AVIAZAPCHAST PLC PUBLIC LIMITED COMPANY

Supplies and manufactures spare parts for all types of CIS civil and transport aircrafts and helicopters.

RUSSIA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

BERIEV AIRCRAFT COMPANY

The Beriev Aircraft Company is a Russian manufacturer specializing in amphibious and produces different models of aircraft for civilian and military purposes, as well as customized models

RUSSIA

FEDERAL STATE UNITARY ENTERPRISE OBNINSK RESEARCH AND PRODUCTION ENTERPRISE "TEKHNLOGIYA"

Structural optics products, structural and functional ceramics, polymeric composite material structures, functional polymeric materials, honeycomb cores, prepregs...

RUSSIA

KAMOV COMPANY

Civil and military helicopters design, production and selling

RUSSIA

MOSCOW AVIATION INSTITUTE (STATE UNIVERSITY OF AEROSPACE TECHNOLOGIES)

Moscow Aviation Institute (State University of Aerospace Technologies) offers instruction and scientific research at the undergraduate, graduate and postgraduate levels in modern engineering technologies and the construction and design of various flying vehicles and aerospace systems for the aircraft and aerospace industry.

RUSSIA

NATIONAL RESEARCH TOMSK POLYTECHNIC UNIVERSITY

Research of precision gears with transitional bodies for reduction unit drives enabled to insure modern requirements for system parameters of spacecraft (for the period of 10 years and more)

Development of power electronic equipments for free-standing power engineering, orientation system and correction of spacecrafts' orbit.

Development of methods and tools of space systems' control during the term of construction and exploitation

RUSSIA

DELEGATION ECONOMIQUE ET COMMERCIALE DE LA RUSSIE

Aeronautical cooperation : comercial representation, common research programs

RUSSIA

JSC NPO SATURN

Engines manufacturer

RUSSIA

KUMZ

Manufacturer of semi finished products in aluminium, magnesium based and aluminium lithium alloys

RUSSIA

MOSCOW STATE AVIATION TECHNOLOGICAL UNIVERSITY (MATI)

The main fields of Aerospace University activity are the following:

development of the educational programs for additional education in Aerospace Engineering;

specialized training of the technical staff (engineers, technicians and etc.);

teaching of the foreign students according to the specialized educational programs additional to the undergraduate, graduate and postgraduate programs in Aerospace Engineering

short-term educational programs for foreign specialists from aerospace industry (similar program MATI in cooperation with Khronichev Space R&D Center is carrying on in the frame of the Russian-Britain Project for additional training of the students and specialists in aerospace technologies).

RUSSIA

NON-PROFIT PARTNERSHIP "UNION OF AVIATION INDUSTRIALISTS"

Assistance to aircraft manufacturers in investment appeal promotion; aid to improve legislative and normative base of all aviation industry spheres, its scientific and technical potential; assistance to hold international certification procedures according to international aviation organizations; protection of interests of aviation technology manufacturers in governmental authorities' institutions. Issue of Aircraft Industry magazine.

RUSSIA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

PERM STATE TECHNICAL UNIVERSITY

Perm State Technical University offers instruction and scientific research at the undergraduate, graduate and postgraduate levels in modern engineering technologies and the construction and design of aviation engines, electromechanics, aircraft engineering and rocket production

RUSSIA

SAMARA STATE AEROSPACE UNIVERSITY

Samara State Aerospace University is the center of competence in the areas of the aerospace and the geoinformational technologies, which are integrated in the context of the legislation with the state and the non-state educational, research, innovative structures, which introduce new equipments. Samara State Aerospace University named after academician S.P. Korolyov accomplishes the preparation of the specialists for the space-rocket, aircraft, radio-electronic, metallurgical, automotive industry and others.

RUSSIA

STUPINSKIY MECHANICHESKIY ZAVOD

Deeply mechanically processed steel products
- additional mechanical processing of rolled rings, gas-turbine, engine discs, press-work, shafts and other products;
- manufacturing of worm-and-worm pairs;
- manufacturing of spur gears and screw gears;
- cutting off of work parts with a band saw;
- milling works, gear milling works;
- circular grinding works
jig boring works;
- argon welding;
- locksmith and drilling works;
cutting metal to measured work pieces up to 350 mm in diameter

RUSSIA

THE GOVERNMENT OF ULYANOVSK REGION

Design, development and manufacturing of avionics for civil aviation

RUSSIA

V/O "AVIAEXPORT" PLC

Export/import of new and used transport and passenger airplanes and helicopters, spare parts, other aerospace equipment, instruments, gas-turbine power generators based on aero engines; assistance in selling/purchasing licenses, technologies, know-how; assistance in the execution of financial transactions in the joint projects. After-sale servicing and Arrangement of participation of Russian aerospace companies in international airshows and exhibitions.

RUSSIA

RUMYANTSEV

Rumyantsev manufactures aircraft fuel control systems for automatic control of turbojet and turboprop civil and military aviation, as well measuring devices, control the flow of gaseous or liquid fuels in gas turbines, ground-based actuators

RUSSIA

SIGMA TECHNOLOGY

CAE software development (IOSO Optimization Technology based software)

RUSSIA

SUKHOI CIVIL AIRCRAFT COMPANY - SCAC

Aircraft manufacturing

RUSSIA

UNITED AIRCRAFT CORPORATION

United Aircraft Corporation (UAC) is a Russian open joint stock corporation with a majority stake belonging to the Russian Government that consolidates Russian private and state-owned aircraft construction companies and assets engaged in the manufacture, design and sale of military, civilian, transport, and unmanned aircraft.

RUSSIA

VNESHAVIAKOSMOS

VNESHAVIAKOSMOS is the development of international cooperation in high technology sphere. VNESHAVIAKOSMOS is one of the biggest companies in Russia in the field of congress and exhibition organization in mechanical engineering, aircraft construction, aerospace, transport, optoelectronics, energy, new materials and other spheres.

RUSSIA

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

VSMPO-AVISMA CORPORATION

VSMPO-AVISMA Corporation – the world's largest manufacturer of titanium

RUSSIA

VEPLAS D.D.

Veplas d.d. is one of the leading manufacturers of composite products in central Europe. Veplas products are primarily based on laminated composites composed of matrix system (epoxy, polyester, vinyl ester) and reinforced fiber materials (glassfiber, carbon, aramid...), which are then processed using the company's proprietary manufacturing methods. The Company produces a wide range of products targeting the aerospace, defense, transportation, medical, marine and sports & leisure markets.

SLOVENIA

KOREAN AIRLINES(AEROSPACE DIVISION)

Aerospace

SOUTH KOREA

AERNNOVA

Aernnova is a global aerostructures company assuming the integral management of large aircraft sections

SPAIN

AERTEC INGENIERÍA Y DESARROLLOS, S.L.U.

Solutions to airports, aeronautical industry, building sector and technological infrastructures

SPAIN

ARITEX CADING

Assembly lines: torsion boxes (wings, htp / vtp, central wing box); fuselage sections integration, cockpit and tail assembly with fuselage, final assembly lines, stringers assembly & integration (wings & sections); experts in composite material assembly lines

SPAIN

CAMARA DE COMERCIO DE SEVILLA (Representation of 8 companies)

Business federation representing companies from Seville (Spain)

SPAIN

CESA - COMPANIA ESPANOLA SISTEMAS AERONAUTICOS

CESA is a global company that is able to design their products and deliver as a final equipment

SPAIN

LITOSTROJ RAVNE LTD

Production of press lines, industrial presses and press line equipment. Castings for turbines in weight up to 80 tons. Turning machines and other machinery

SLOVENIA

AEROAFRICA-EU

Promotion of European and South African research co-operation in aeronautics and air transport

SOUTH AFRICA

AERA - ASOCIACIÓN AERONÁUTICA ARAGONESA

Aragon Aerospace Cluster

SPAIN

AEROSERTEC, S.A.

Aeronautical and defense engineering

SPAIN

AIRBUS MILITARY

Military and humanitarian transport aircraft manufacturer

SPAIN

CAMARA DE COMERCIO DE MADRID (Representation of 6 companies)

Business federation representing companies from Madrid (Spain)

SPAIN

CAMARA DE COMERCIO INDUSTRIA DE ZARAGOZA (Representation of 8 companies)

Business federation representing companies from Zaragoza (Spain)

SPAIN

CLUSTER AERONAUTICO DE LA COMUNIDAD VALENCIANA (Representation of 4 companies)

Aeronautics Cluster

SPAIN

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

COMPOSITES ARAGON S.L.

Making composite plastic parts

SPAIN

EXTENDA - TRADE PROMOTION AGENCY OF ANDALUCIA

Promotion agency for Andalucia Spain

SPAIN

GESME S.L.

Gesme Grupo is a Spanish company that hits the market in 2006, with the aim of creating technologic synergies among a large number of companies in order to manage, coordinate, lead and market integral industrial services with high technological value and high investments in R & D & I.

SPAIN

HEGAN - BASQUE AEROSPACE CLUSTER

Association of the Basque Aerospace Sector

SPAIN

MECANIZADOS IRMEL S.L

Specialising in machining and supplying parts and assemblies

SPAIN

MP MECANICA DE PRECISION, S.L.

Precision Mechanics

SPAIN

SALLEN AVIACION SA

Precision machining and manufacturing for the aerospace, defence and transport industry.

SPAIN

SK 2024

Manufacturing of composites structures

SPAIN

TESTING AND ENGINEERING OF AERONAUTICAL MATERIALS AND STRUCTURES

Testing activities:-structural testing aerospace elements-qualification and reception of composite materials-qualification and reception of metallic materials

SPAIN

EADS CASSIDIAN

Defence and Communications Systems for the aerospace industry

SPAIN

GALVATEC

Surface Treatment

SPAIN

GRUPO AERONAUTICO ZONA CENTRO S.A

Metallic parts machining - Wide range of dimensions, surface treatments, assembly, complex project management

SPAIN

ITP

Engineering, Research and Development, Manufacture, Assembly and Test of aeronautical engines and gas turbines

SPAIN

MECATECNIC MARQUES, S.L.

Precision Mechanics for the aerospace industries.

SPAIN

PELI PRODUCTS SA

Technical packaging: design manufacture, sales & aftersales of high tech plastic containers over 500 different sites. We corner aeronautics, military, high tech companies that need fit to product cases

SPAIN

SENER INGENIERIA Y SISTEMAS SA (MADRID)

Engineering, consultancy and systems integration

SPAIN

SOFITEC

Manufacturing aerospace services

SPAIN

WALLAIR ENGINE COMPONENTS, S.L.

Manufacturing of sheet metal welded components and assys for the aerospace industry

SPAIN

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

VOLVO AERO CORPORATION

Develop and produce components for aircraft, rocket and gas turbine engines with a high technology content.

SWEDEN

HUBER + SUHNER AG

Developing and manufacturing of electrical and optical connections based on the technologies radiofrequency, low frequency and fiber optic

SWITZERLAND

JEAN GALLAY SA

High-technology sheet metal components. Hot gas path parts.

SWITZERLAND

RUAG AEROSPACE

Aircraft, Engine, Helicopter, Missile and Self-Protection System MRO, Upgrade and Support

SWITZERLAND

AERO WIN TECHNOLOGY CORPORATION

Precision machining, sheet metal forming and special processes

TAIWAN

AIRBORNE COMPOSITES

Airborne is a design and build company that creates advanced composite products

ARTEM, STATE JOINT STOCKM HOLDING COMPANY

Production factory : Foundry , Press and die forging ,Blanking and preform pressing, Machining, Plastic material processing (non metal parts), Welding, Electroplating, Thermal treatment, Tools production, Wood working and carpentry, Final assembly of aeronautical items, Test equipment assembly and production, Periodical and routine testing of all types of ARTEM manufactured items (certified)

UKRAINE

MISSION ECONOMIQUE DE KIEV

Economic and Sales advisor

UKRAINE

ADS GROUP LTD

A|D|S is the trade body advancing UK AeroSpace, Defence and Security industries which, together with its regional partners, represents over 2,600 companies. It assists member companies in developing new business globally, facilitates innovation and competitiveness and provides regulatory services in technical standards and accreditation.

UNITED KINGDOM

AEROSPACE INTERNATIONAL SERVICES (AIS)

Aerospace engineering and services company

UNITED KINGDOM

AMETEK AIRSCREW

AMETEK Aerospace & Defense is a leading manufacturer of highly engineered and cost effective engine sensor suites, aircraft data management systems, cooling and ventilating systems, environmental control systems, and a variety of sub-assemblies to military and aerospace customers

UNITED KINGDOM

IVCHENKO PROGRESS DESIGN BUREAU STATE ENTERPRISE

Design and development of gas turbine engines for airplanes and helicopters

UKRAINE

SYNTEC

Marketing and consulting services for Ukraine

UKRAINE

AEROMET INTERNATIONAL PLC

Aeromet International PLC has two divisions.

The Casting Division is a leading manufacturer in the field of advanced aerospace light alloy castings having Sand, Investment and High Strength (Sophia) processes. The Forming Division, one of the world's largest independent Superplastic and Hot Forming facilities has 30 years experience in forming and fabricating Ti sheet materials.

Both divisions produce complex components for Airframe and Engine manufacturers supplied in JIT kit form, maintained by intelligent buffer stocking. The divisions are supported by CATIA stations, process control equipment, machining, PFD, X-ray, a comprehensive range of final treatments, assembly and process capabilities. Their experience is used extensively by customer's design teams.

UNITED KINGDOM

AEROSPACE MANUFACTURING

Industry publication focused on design, production and procurement elements of both the civil and defence aerospace sectors

UNITED KINGDOM

AMSAFE BRIDPORT

Safety and Securement Equipment

UNITED KINGDOM

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

ATTWATER GROUP

Attwater Group are a European company who manufacture and machine thermoset plastic composites in sheet, tube & rod format. These are used for engineering & electrical insulation applications & materials include :- Epoxy Glass-Polyimide Glass- Phenolic Fabric- Carbon FibreAttwater offer CNC cutting & machining of the composites manufactured & currently supply a wide range of machined components directly into Airbus wing systems.Examples include :- Gasket Insulation- Packer Insulation- Fairlead Assemblies- Support Spacers- Rubbing Strips- Cable ClampsAS9100 / ISO9001 approvals held

UNITED KINGDOM

CAPARO ACCLES AND POLLOCK

Main products include rigid and flexible pipes, aerospace ducts, tube coils, convoluted tube and bespoke tubular products

UNITED KINGDOM

FERRANTI TECHNOLOGIES LTD

Ferranti Technologies excels in the design of a wide range of power products including switch-mode power supplies and power converters (including variable frequency ac input), static inverters, transformer rectifier units, power distribution units and high reliability power electronics and motor controllers for harsh environments. The company's products can be found on a wide range of fixed and rotary wing aircraft, including Trent Engines, the Dassault Falcon 7X, Typhoon, A400M and AW101.

UNITED KINGDOM

GARDNER AEROSPACE NUNEATON LIMITED

Gardner Aerospace machines, fabricates, treats, assembles, and repairs, small to large precision parts, kits, sub-assemblies and assemblies

UNITED KINGDOM

HYDE GROUP LTD

Airframe and Aero Engine engineering

UNITED KINGDOM

JOHN HUDDLESTON ENGINEERING

The JHE Group provide lean integrated solutions through Product Manufacture, Total Project Management, Product Kitting, Sub-Assemblies, Supply Chain Management and Advanced Logistics Management

UNITED KINGDOM

C-MAC MICROTECHNOLOGY

C-MAC MicroTechnology is a AS9100 accredited manufacturer of custom and proprietary microelectronics

UNITED KINGDOM

CASTLE PRECISION ENGINEERING LIMITED

Precision Machining : specialising in precision machining of exotic alloys for critical and complex components for aerospace and defence.

UNITED KINGDOM

FINE TUBES LTD

Manufacture of titanium, stainless steel and nickel alloy tubes.

UNITED KINGDOM

GKN AEROSPACE SERVICES

GKN Aerospace is a First Tier supplier to the global aviation industry, working on every major fixed and rotary-wing aerospace platform. A leader in composite and metallic technologies, our business is equally focused on military and civil markets

UNITED KINGDOM

INTERNATIONAL ENTERPRISE SINGAPORE

Promoting overseas growth of Singapore-based enterprises and international trade

UNITED KINGDOM

MAYCAST-NOKES PRECISION ENGINEERING LTD

Manufacture of investment/lost wax castings in aluminium and steel and precision sand castings in aluminium.CNC machining, non destructive testing, heat treatment facilities also exist so we can supply released, machined castings.Subcontracting, mechanical items and metal working

UNITED KINGDOM

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

MAYDOWN PRECISION ENGINEERING

Manufacture of components for the aerospace sector and sub assemblies

UNITED KINGDOM

NASMYTH GROUP LTD

Design, development, prototyping and manufacturing engineering.

Precision machining of a wide range of types and sizes of products in high performance metal and other advanced materials using all types of cutting techniques.

Welding, brazing, fabrication and assembly of complex structures with high integrity and excellent surface finish.

Assembly, test and certification of complex equipment for use in aerospace, medical, automotive, oil, instrumentation and similarly demanding application.

Fabrication of integrated structures that embody lightweight materials and leading edge designs to achieve high strength and performance.

A full range of wet and dry metal surface treatments that include plasma, plasticised, and chemical coatings plus a range of heat treatment service.

UNITED KINGDOM

ROLLED ALLOYS LTD

Global supplier of Nickel, Stainless and Titanium Alloys in bar sheet, plate, tube and welding wires

UNITED KINGDOM

UK TRADE & INVESTMENT

United Kingdom trade and investment office

UNITED KINGDOM

ABSOLUTE AVIATION SERVICES

Engineered Solutions for the Commercial Aircraft Industry

MAGPARTS

Magparts is a manufacturer of high strength aluminum castings and magnesium castings, primarily for the aerospace industry

USA

PEKAGO COVERING TECHNOLOGY BV

Development, engineering, mould fabrication, production and assembly services for plastic housing elements and technical components

USA

PRECISION MACHINE WORKS, INC.

Precision Machine Works, Inc. specializes in the manufacture of hard metal structural components and assemblies for the commercial and defense aerospace markets

USA

SAINT-GOBAIN PERFORMANCE PLASTICS

Weather & Communication Radome

USA

TUTHILL CONTROLS/CABLECRAFT

Cablecraft designs and manufactures precision push pull controls for a variety of applications in aircraft and aircraft engines

USA

NATIONAL PRECISION BEARING

Factory Authorized Master Distributor of Bearings, Bushings, Rod Ends, Spherical and Needle Bearings for Commercial and Military aviation OEM's. \$45M USD in stock and on order in support commercial and military aviation applications.

USA

PRECISION AEROSPACE, LLC

Built to print, Complex Machined Sheet Metal Fabrications, including welded and Mechanical Assemblies supporting the Aerospace Industry primarily for Engine and Exhaust applications.

USA

ROCKWELL COLLINS

Rockwell Collins France is a French electronics company focused on engineering, services and sales of products and systems of the Rockwell Collins group present in three areas :

- Aeronautics (communication systems, navigation, surveillance, display, flight control on aircraft and helicopters, information management and Integrated Logistics Support solutions)

- Defense (Communications, Navigation and Displays, Integrated Systems)

- Data Communications (card repairs, network integration and on-site services)

USA

SHAPES AEROSPACE INTERNATIONAL

Aircraft engine exhaust components aircraft structural components nickel alloy welding & fabrication structural composites; carbon and honeycomb sandwich panels.
